

A Merry Christmas and a Very Happy New Year

It's an old-time wish, but the whole civilized world is saying it with a more intense feeling than ever before.

There has never been such a wonderful Christmas, and there never will be again. The war is won and we celebrate this Christmas time with a deeper realization of what it means to be an American, and to be at peace with the world.

Thanks to the loyalty and patriotism of the patrons and friends of this bank, we have been able to serve our government in all Liberty Loan Campaigns and War Savings Stamp Campaigns. It has been a task, yet a pleasure for us to be the instrument through which so many could be of real aid to our country in financing the war.

The sacrificing citizens of this community, placed at the disposal of the government, through this bank \$4,600,000.00, and we appreciate very keenly the trust and confidence reposed in us. It is earned tribute to the stable character of this institution.

In full view of the glorious victories of the past, just approaching an era that promises the most wonderful things, it is entirely proper, therefore, that we pause a moment to say—

We Wish You a Merry Christmas and a
Happy New Year

The National Bank of Fairmont
